

# Further the Kingdom of God through outdoor adventure.

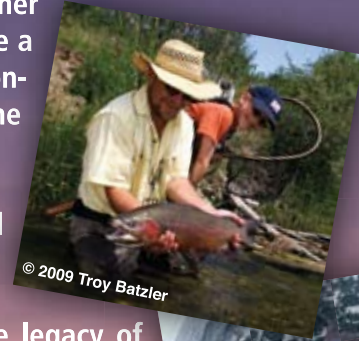

Do you want to go on your DREAM outdoor adventure and be part of a reality movie? Tell us your story today! Fathers in the Field, a Christian ministry providing father-figure mentors to fatherless boys, in partnership with Warm Springs Productions is producing a feature-length reality film on the relationships of fathers and sons and the role Christ and outdoor adventures play in them.

This feature-film will be about REAL people – LIKE YOU! We are looking for real, emotional stories of broken and restored relationships between fathers and sons. Stories must revolve around the saving power and grace of Jesus Christ and how God worked in your lives to restore a broken father/son relationship. We are also looking for either fathers or sons who are currently in that broken relationship state and believe a wild outdoor adventure trip may be the perfect setting to restore that relationship. All applicants must be of the biblical Christian faith and have a love for the outdoors – hunting and/or fishing.

Not only will this be a chance to experience a dream outdoor adventure and participate in a movie, but you will also be building the Kingdom of God by sharing your story and testimony, which will impact thousands of lives across the country. The movie will also establish the importance of passing on the legacy of outdoor adventure in men's relationships.

We will choose three blessed families to participate in this production. You'll tell your story on film through on-camera interviews. Parts of your daily life and interactions will be filmed for the movie. You will then go on one of three dream trips with just your father or son, all filmed by a professional crew. The reality-movie will be shown in Christian churches nationwide on Father's Day 2011.

FAITH • FATHERHOOD • FORGIVENESS
